

Schedule

The following list includes the classes I teach at my local quilt shops as well as my “away” classes. Some classes are only taught locally. Also included are exhibitions, conference and retreat dates. Check my website often for classes being added to this schedule.

You may contact the quilt shop or contact person directly for prices, supply lists and start times. I encourage you to refer to the list of workshops above for more details about each class. You can also look through the Gallery pages for examples of some of the classes.
